

Music City Center SUSTAINABILITY REPORT Fiscal Year 2017 - 2018

FOOD & BEVERAGE

Proud supporter of community action and dialogue on reducing food waste through the state program **Get Food Smart TN** and the local **Nashville Food Waste Initiative** sponsored by the Natural Resources Defense Council

Donated **27,395 lbs** of food to those in need at our neighbor, The Nashville Rescue Mission

Diverted food scraps from the landfill by composting **65,648 lbs** with The Compost Company

ENERGY USE

Produced **266,969 kWh** of energy from our 845 panel solar array on the roof above the Grand Ballroom. All energy produced was used on site!

Saved about **\$25,000** from producing solar energy

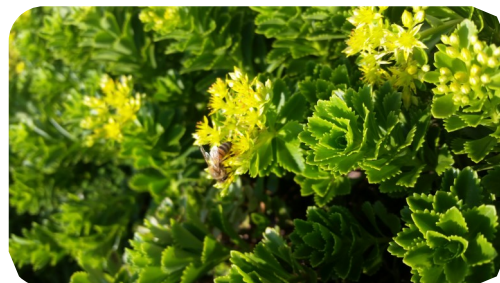

COMMUNITY CONNECTION

Hosted **18** Sustainability Tours of the building to different groups from local Girl Scout Troops to Metro Nashville Departments!

Supported local nonprofits through silent-auction donations and sponsorships

Member of the **Corporate Sustainability Roundtable** to learn and discuss best sustainability practices with other Nashville businesses

Donated over **5,000 lbs** of items leftover from shows to local nonprofits

WATER REUSE

Harvested **3,269,508 gallons** of rain water from the Green Roof! This water is collected in a 360,000 gallon underground cistern and is then pumped throughout the building when needed.

Reduced our municipal water usage by about **51%**.
